Discord Server Wineskin is a tool used to make ports of Windows software to Mac OS X.

The ports are in the form of normal Mac application bundle wrappers It works like a wrapper around the Windows software, and you can share just the wrappers if you choose.. Can't Play MTGO on Mac Online Magic forum Posted on Feb You'll either have to bootcamp your Mac to be able to dual boot into Windows as well, create a wineskin for MTGO or you can run a vm off your Mac side.
